## **ABOUT**

We are honored to offer you a product that has a history of experience and excellence in the field of copper castings, mixer parts and water valves. Despite its modern existence, it has affected the local market in a way that suggested to everyone that its age exceeds dozens of years. In fact, those years are nothing but the experiences of the board of directors, which remained It studies the market and its requirements and how to provide its needs in a practical and thoughtful manner that enables the factory to succeed as we have always been keen to be out of competition. To become the name of EWB shining in the local and global market.
