ABOUT

Bellezza Sanitary Ware Factory,

Honored to offer you a product with an interesting combination of experience and excellence , We tend to be masterful in the Sanitary Ware industry , hence fierce competitors with a promising administration and a steady objective of customers satisfaction attainment. With our hard work, we will shower the markets with high quality and iconic prodUcts with a deep belief that to meet the customer requirements is the shortest way which leads to success.

A brief History of the factory

The factory was established in 2013 with unique strategies to meet the Egyptian market requirements and to increase the market share of sanitary ware products.

We are studying now the Arab market which we can widely get into it because of the high quality and the reasonable price of our products. We have the manufacturing ability, technical experience and dynamic marketing skills which enable us to maximize our sales to meet our Customers' requirements.

Products

With a valuable experience in the industry, Bellezza presents new and iconic designs together with comfort-enhancing technologies. In fact, we are honored to offer our clients a highly aesthetic product with a previously unattained level of perfection and durability.

Our Raw Materials

We work with the finest combination of materials, mostly imported from the major international companies.

Our Products

We offer products with an aesthetic appeal and a interesting combination of geometrical designs and details.

Our Quality

We operate under an internationally recognized and certified standards to ensure that the market is satiated with the highest product quality.

Our Production

We possess one of the best equipped factories in the country, along with a highly trained, thus professional, caliber.
