Aryan Pumps and Enviro Solutions Private Limited (APESPL) is one of the fastest growing companies in India, in the field of speciality vehicle manufacturing for the applications like Liquid & Solid Waste Handling and Fire & Rescue Management. With state-of-the-art manufacturing facility at Indapur, Pune, we continuously strive to develop simplified solutions for the most challenging environmental cleaning and disaster management problems.

The company has three separate synergistic business verticals focusing on Equipment Manufacturing, Superstructure Manufacturing and Operations & Maintenance Services. Engineering and designing of the products is done using in-house product development facility and design centre. Whereas, operations and maintenance services at site are provided by technically well-trained workforce for these speciality vehicles.

The company over a decade operates with Experienced Promoters and Senior Management having extensive domain knowledge. Further replacing imports under ‘Make in India’, the company promises its customers a strong product line with continued on-site service support. The company ensures maximum uptime for its special application vehicles across India and specified locations across globe in the regions like South Asia, Gulf, North America and Europe.

#### **Our Vision**

Emerge as one of the Simplified Global Solution Providers in Critical fields like Liquid and Solid Waste Handling and Disaster Management to better people’s day-to-day life.
